

Press Release

Introducing SkillVill: The Future of Skill-Based Social Networking

Be a part of the global movement redefining how we learn, grow professionally, and connect meaningfully.

Dec. 1, 2023

San Francisco, CA - Skillvill is a new social platform that revolutionizes the way people connect based on their skills and passions. Not just another platform; it's the ultimate gateway to an enthusiastic, engaged audience filled with contextual celebrities, micro influencers, seasoned professionals, and eager students. SkillVill is your ticket to a world where learning, career advancement, and meaningful connections seamlessly merge.

At its core, SkillVill addresses a critical problem: the absence of a platform that empowers everyone to acquire new skills, foster collaborative endeavors, and truly make a difference in their community. It's not just about connection; it's about transformation. Now, consider the sheer magnitude of opportunity that SkillVill unveils.

Alexis Snelling, Co-Founder, stated, "SkillVill is the only platform that offers a collaborative approach that aggregates people, knowledge, and resources based on their needs in real-time."

One area of initial focus is education. The global online learning and collaboration market is a juggernaut, currently valued at over \$200 billion. Projections for 2030 are a staggering \$848 billion. SkillVill isn't just part of this growth; it's at the forefront as the catalyst for collaboration.

David Snelling, Co-Founder, noted, "Through Skillvill, you can become part of a global movement that's redefining learning, career progression, and community engagement."

Barry Lynn, Co-Founder and key investor stated, "SkillVill addresses the inadequacy of using platforms like LinkedIn and Facebook groups for skills-based networking by providing a tailored platform for the future and now, the present."

If you are interested in becoming a charter sponsor or placing ads on SkillVill's platform, simply contact our sales team at sales@skillvill.com. We'll be happy to help you create a campaign that meets your needs and budget.

About Skillvill

We believe that everyone deserves the opportunity to learn new skills and build a better life. SkillVill is a skills-based social network that is committed to using technology to make the world a more inclusive and equitable place. The platform is designed to be accessible to everyone, regardless of their

background or circumstances. We're innovators, entrepreneurs, and engineers on a mission to design technology to contribute towards a better tomorrow.

About the Team

Alexis Snelling is transforming the investor-first approach of the last decade with a sustainable founders-first cooperative method. She's dedicated to creating a more diverse and prosperous ecosystem for all.

David Snelling has spent decades creating scalable ecosystems and revolutionizing global industries, including voice technologies, new user interfaces, AI predictive analytics, and global security. He has greatly contributed to the success of Fortune 100 companies, startups and major VCs.

Barry X Lynn is a renowned tech industry advisor and entrepreneur, known for founding Be eXceL, an accelerator for early-stage tech companies. He has also led successful IPOs and strategic company acquisitions.
